Delivery	On campus in Auckland with face-to-face delivery and block courses OR online by distance for international students outside of New Zealand

Credits	180
Level	9
Start	February April July October
Apply	Now

Successful completion of this advanced programme will enable you to confidently engage with research and its application across a range of disciplines within the business information systems context.

Graduates of this qualification are critical thinkers, effective problem solvers, future-focused and apply specialised management and leadership knowledge and capabilities to new situations within the field of business information systems.

Business information systems occupations are projected to grow rapidly over the next ten years leading to an increasing need for information systems professionals. There is also an increasing demand for those professionals to hold higher level qualifications.

This Master offers you three pathway options: Coursework, Professional Project and Coursework, or Research Thesis. Within the programme, you will also have the opportunity to attend employability workshops, industry and guest speaker events.

It will prepare you for further postgraduate study or alternatively, you could seek employment in a range of roles including:

- > Business Analyst
- > Business Intelligence Analyst
- > Information Systems Analyst
- > Information Systems Security Analyst
- > Project Manager
- > Technical/Solution Architect

- > User Experience / Front End Designer
- > Information Systems Researcher

This programme is offered by Future Skills Academy due to a sub-contract arrangement with Otago Polytechnic.

Entry requirements

Minimum entry requirements are:

- > A Bachelor's degree (or equivalent qualification) in a related discipline with a grade average at Level 7/8 of B- or higher, OR
- > A combination of academic qualifications and relevant skills and knowledge acquired through work or professional experience that is deemed equivalent to the above.
- > International applicants must demonstrate that they have equivalent academic qualifications and experience. [Click here for your country's equivalent academic entry requirements.](#)
- > If English is not your first language, you must provide:
 - > New Zealand University Entrance OR
 - > Overall Academic IELTS 6.5 with no individual band score lower than 6.0 (achieved in one test completed in the last two years), OR
 - > Acceptable alternative evidence of the required IELTS (see [here](#) for NZQA proficiency table and [here](#) for list of recognised proficiency tests).

If you need to improve your English Language skills, we offer a wide range of English programmes.

Selection criteria

Where there are more applicants than places available, applicants will be selected on the basis of the best academic records and their admission recommended to the OPAIC Director, Learning and Teaching who will approve the final selection.

Pathways into this programme

You may have completed an undergraduate degree in a different discipline and be working in a management or information systems role. There are no specific foundation/bridging programmes in applied management for this qualification. Where English proficiency does not meet the required IELTS level, you may pathway to this qualification by completing the New Zealand Certificate in English Language (Level 5) which is available at Otago Polytechnic.

Studying online

Your offshore online study journey will begin with an online Orientation. This session will cover introductions to staff, tips for academic success, and wellbeing information, among other things.

All courses offered at OPAIC use Moodle, which is an online learning management system (LMS). The use of the Moodle LMS means that students, no matter where they are, have ready access to all their course content.

All students have access to Microsoft Teams, where you will be able to collaborate with your classmates and work on certain tasks that have been designed by the lecturers.

Students get access to Office 365, including Teams, which they can use as part of their online interaction with lecturers and classmates.

Online students have access to the same services as students on campus. This includes online learning support, which will be available via Microsoft Teams. All online students will also have remote access to our library.

Your workload

You will be expected to spend about 38 hours per week (or 300 hours per study block) on your course work. This includes both scheduled class time and self-directed study. For on-campus students, some of these hours may be spent in a workplace gaining hands-on experience and developing important industry and business connections.

Auckland study block dates >

You will study

The Master of Applied Management has three pathway options.

1. Coursework

Complete the four compulsory courses listed below plus eight other courses (including *at least* three Level 9 courses) from the electives list.
